

EPOXY PUTTY

Talon Epoxy Putty is a hand-mixable, single stick fast-setting epoxy putty. After mixing the dual component epoxy forms a polymer compound that can be molded, wrapped around, or used to build up and repair leaking pipes, ductwork, small parts, and more.

- **Great for Emergency Repairs**
- **Will Not Shrink**
- **Super Strength Instant Bond**
- **Zero VOC's or Solvents**
- **Easy to Use, Mistake Proof Formula**
